Dear Dr. Abeer Watted:

We want to express the gratitude of the MSU College of Education for your willingness to share your time and expertise with participants in the MSU-Techion Study Abroad Program entitled *Sustainability and Social Justice in Science Education* between 20-29 October 2022. Your contribution has enriched the understanding of developing scholars at both the graduate and post-doctoral levels in these areas and has enhanced their appreciation of the unique and common aspects of these issues globally. We hope that your interactions with the group have been productive for you as well, and we look forward to the possibility of future interactions between our institutions and organizations.

Sincerely,

Jerlando F. L. Jackson, Ph.D.
